Metal SecuClipper Scissors with moulded black cover. Fits into inbuilt Security Slot. Two can be used one on the monitor and one on the CPU or one SecuClipper and one Unilock Pro fittings if there is no inbuilt security on one of the pieces of equipment

Cable
2 metre x 5 mm PVC coated black high tensile steel cable. Anodised silver steel one piece construction, pressure crimped onto the steel rope.

Metal Cable Trap
Can be used to secure mouse and keyboard. Lay mouse and keyboard cables through U shaped cable trap, when the security cable is threaded through the two holes it effectively traps the cable and secures mouse and keyboard.

Keyhole Washer
Fits onto end of cable into groove in stainless steel end. When padlock is secured through large hole the washer it cannot be removed.

Padlock
40 mm can be keyed alike, keyed different or master keyed.
