

## LAPTOP CABLES and CABLES

### FLS LAPTOP

We can supply all kinds of Laptop Security Cables to suit all needs and requirements Keyed Alike or Keyed Different or Four Digit Combination Locks

All Cables are compact and lightweight whilst secure which is ideal for mobile computing or securing a laptop to a desk or any to any immovable object.

Lock fits into built-in Security Slot within the Laptop. Removing the MicroSaver device is extremely difficult without the key.

Attempting to do so will physically damage the computer, making resale unlikely and therefore discouraging theft.

**RADIAL LOCK**

**FLAT LOCK**

**COMBINATION LOCK**

## LAPTOP SECURITY SOLUTIONS

### FLS LAPTOP CLAMP

Tried and tested, the LaptopClamp is a secure, adjustable and user friendly solution for securing laptops

Laptops are able to be fully used whilst secured by a high security clamp which is extremely expandable to accommodate the smallest and largest of products.

For use where Laptops are on display or being used in public areas such as shops, exhibitions, shopping centres, universities, colleges or open offices.

The Laptop Clamp is fully adjustable, able to a wide range of Laptops and PDA's.

The design incorporates an adjustable front clip to prevent the laptop base from being raised, thus blocking access to the batteries and drive releases.

In office situations the clip may be removed.
