TECHNICAL SPECIFICATIONS

Construction

Constructed from 2 mm sheet steel.

Boom Lock

Tamper proof radial lock positioned on top of boom.
The radial lock, locks the boom into its selected extended position.

Support

On a 2.5 metre to 3 metre Boom we provide extra support with the use of a steel tightening cable which secures between wall (side or front) and the end of boom.

Cable Run

Cable can be hidden inside Boom from wall to projector fixing.

Finish

Powder coated to colour of your specification.

Sizes

1 metre extending to 1.75 metres.
1.5 metres extending to 2.25 metres.
2.5 metres extending to a maximum of 3.25 metres.
